

CART

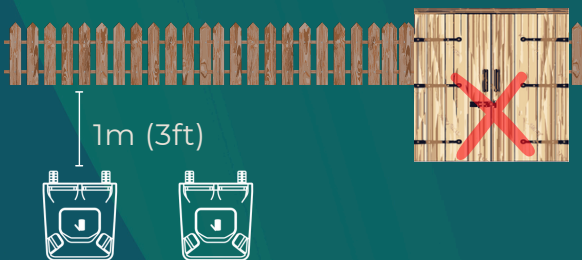

Placement

Curbside Placement

- Place carts with wheels touching the curb.
- Ensure carts are at least one metre (1m) / three feet (3ft) from parked vehicles and fixed objects.
- Leave enough space to walk around the carts.

Back Lane Placement

- Current residences only.
- Set carts at the edge of back lane and allow one metre (1m) / three feet (3ft) from any obstruction behind the cart (e.g. fence).
- Carts must NOT block lanes or roads.
- Carts will NOT be collected from enclosures.

Place all carts out for collection no later than 7am. Carts must be removed from the street by 10pm on collection day.

Cart lids must be completely closed in order for waste to be collected.

Garbage Pickup - Bi-Weekly

Turner Valley community - **Tuesday**
[DiamondValley.town/tvwaste](https://diamondvalley.town/tvwaste)

Black Diamond community - **Thursday**
[DiamondValley.town/bdwaste](https://diamondvalley.town/bdwaste)

Your Guide to 3-Stream Waste Collection

WHAT GOES INSIDE YOUR BLUE Recycle Cart

Keep your recyclables clean and loose in cart, do not place in bags

Cans and aluminum containers

Plastic containers

PAPER: not contaminated with food or chemicals

Magazines, books

Newspapers and flyers

Corrugated cardboard (flatten)

Boxboard (flatten)

Shredded Paper (bagged and tied securely!)

RECYCLABLES
LOOSE IN CART.

Be sure to clean all recyclables and remove labels where possible to prevent contamination of the waste stream.

RETHINK

Recycling saves energy, reduces greenhouse gas emissions, conserves non-renewable resources, and creates a revenue stream.

Items such as glass and glass containers, plastic bags and film plastic are not currently accepted in the Diamond Valley recycling program.

WHAT GOES INSIDE YOUR GREEN Organics Cart

Use compostable bags, paper, or paper bags in your kitchen pails and green carts

Fruit & vegetables

Bread, cereal, baked goods, pizza

Meat, fish, shellfish and bones

Dairy products, eggs and shells

Grass clippings

House plants

Coffee grounds, filters, tea bags

Popsicle sticks and toothpicks

Paper napkins, paper towels

Cooked food scraps

Shrubs and branches (no more than 1m (3 ft) long, 7cm (2.8 in) in diameter)

Pet hair and waste, cat litter* and doggy doo (must be bagged)

Paper bags can go directly into green cart

ORGANICS
COMPOSTABLE BAG, CART.

Organic waste, such as food scraps, does not need to be bagged. Pet waste must be placed in compostable or paper bags. Lining your bins with paper or compostable bags can keep countertop pails and green carts cleaner. *only natural cat litter is compostable. Clay and silicone litter is not accepted.

For more information on accepted and excluded materials, visit www.DiamondValley.town/WhatGoesWhere

RETHINK

Composting organic waste reduces methane emissions from landfills. Compost is a natural alternative to chemical fertilizers.

WHAT GOES INSIDE YOUR BLACK Garbage Cart

All garbage must be bagged!

Furnace filters

Styrofoam food containers, meat trays

Plastic or foil wrappers, gum packages

Dryer and disposable mop sheets, wipes, make-up pads, cotton tipped swabs, dental floss

Ribbons and bows

Toothpaste tubes

VHS, tapes and CDs

Materials contaminated with food

Mirrors, stoneware, pyrex, ceramics

Hose and rubber products

GARBAGE
BAG, CART.

Household Hazardous Waste includes batteries, fluorescent light bulbs, chemical packaging and electronics must not be disposed of in the black cart / garbage.

Items not accepted in waste carts can be taken to the Foothills Regional Landfill & Resource Recovery Centre. For more information visit FoothillsLRRC.com

RETHINK

Conserving landfill space extends the lifespan of the landfill and makes room for waste that cannot be diverted.
